### Empathy Map

Create an empathy map to understand your customer/user from four perspectives - what they Say, Think, Do, and Feel - in relation to the problem your project addresses. This helps the team build a customer-centric solution.

|                                                                                                                                                                                                                                                       |                                                                                                                                                                                                                                                                                                                    |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <p><b>SAYS</b></p> <ul style="list-style-type: none"> <li>• I need credit card with quick approval.</li> <li>• I hope my application gets accepted.</li> <li>• The approval process should be transparent and fair.</li> </ul>                        | <p><b>THINKS</b></p> <ul style="list-style-type: none"> <li>• Will my income and credit score be sufficient.</li> <li>• What are the chances of my application being rejected?</li> <li>• I want a fast and accurate decision without unnecessary delays</li> </ul>                                                |
| <p><b>DOES</b></p> <ul style="list-style-type: none"> <li>• Fills out the online credit card application form.</li> <li>• Uploads income and identity verification documents.</li> <li>• Waits for the approval or rejection notification.</li> </ul> | <p><b>RAHUL</b><br/> <i>(Applying for credit card)</i></p> <p><b>FEELS</b></p> <ul style="list-style-type: none"> <li>• Excited about getting a new credit card.</li> <li>• Anxious about whether the application will be approved.</li> <li>• Satisfied if the approval process is quick and accurate.</li> </ul> |
